A Change In Me

By: Diamond Hills

The last couple of months have been hard for me, but I continued to remember that the Lord is my help and my strength. Recently, I had surgery due to me tearing my ACL and my meniscus on both sides of my right knee. Before having surgery, I prayed every night and morning, to not have the spirit of fear. I prayed for a healing, but deep down inside I had some doubt that I could not be healed from this. It kept replaying in my mind the doctor's diagnoses. Even with this feeling of doubt I continued trying to convince myself I could be healed. I knew that my family and church family were also praying for me but once again, I didn't truly believe in the healing power. A couple hours before my surgery I started to get anxious and afraid, but I held my head up. Before I knew it, I was rolled into the holding room awaiting my surgery. I began to sweat. I got really nervous and scared, but I knew God was in the midst. I had my family members to give me encouraging scriptures. Some sent text

messages that warmed my heart. I carried the inspiration with me to surgery. Those last few seconds, I was crying holding on to my grandmother's arm. She prayed for me and before I knew it I was unconscious. After my recovery, I heard the awesome news that when the doctor went in to perform surgery on my meniscus he could not find any tears. My meniscus was HEALED. At first I was still in a daze and couldn't believe it. On July 3, 2017, I CHANGED and how I saw God also CHANGED. That day, my faith became stronger. I went home and cried, thanking the Lord for what he had done in my life. My testimony to all of you is if God did it for me, he can do it for you. The Bible says in Hebrews 13:8 "Jesus Christ is the same yesterday, today and forever." I often hear people say, if we will take care of God's business, he will take care of ours. I have learned to seek him first and put him first in everything I do. All the praises go to God, FOREVER.
